

## **AlwaysCare Benefits assists producers**

By Editorial Staff  
June 22, 2009

On the heels of a recent new product offering, AlwaysCare Benefits Inc. is now lending a helping hand to employee benefit brokers and advisers serving the worksite market.

A new service called AlwaysPartner seeks to simplify the voluntary benefit sales process by waiving participation requirements and easing implementation through electronic enrollment, pre-filled employee applications and customized enrollment kits for dental and vision sales involving groups of 25 or more eligible employees.

Considered one of the nation's fastest-growing insurance providers, AlwaysCare Benefits recently introduced voluntary life and short-term disability plans underwritten by National Guardian Life Insurance Company that target groups with fewer than 50 lives employees. AlwaysCare Benefits is an affiliate of Starmount Life Insurance Company.
